OUR GROUP

We are proud to be a leading European manufacturer of bespoke hospitality and contract furniture. With more than 110,000 m² of advanced production facilities and full in-house control, we deliver large-scale projects with precision, speed and consistency.

Our expertise spans hotel rooms, restaurants, lounges, offices, airports, yachts and outdoor environments. Every item we produce combines durability with refined craftsmanship, ensuring it meets the daily demands of hospitality while enhancing the guest experience.

Our work is guided by a respect for materials and a responsibility to the environments we build for. Renewable energy, careful sourcing, and a circular approach to production ensure that every project is created with the future in mind.

featured projects

In this issue we present a selection of projects that reflect the scope and character of Sancrea Group. Each example is part of a wider portfolio of work completed for leading hotels, restaurants, and hospitality groups worldwide.
